

Residential School Trips

To help parents to try to plan their finances, the following is a list of planned residential trips. In addition to this, several day trips and conferences will be arranged which will tend to be aimed at Y11, 12 & 13 students, most of which take place in London.

We hope that all eligible students will be able to attend the curriculum trips whereas the enrichment trips are entirely optional. Please note that the list is subject to change and prices are estimates until letters are published containing confirmed costs.

Date	Year Group	Description	Destination	Approximate Cost	Trip Type	Additional Notes
October 2026	13	Physics Trip	Euro Space Centre	N/A	<i>Enrichment</i>	Trip full
