

SENIOR STUDENT PEN PROFILE

Name	Charlie Ripp
What position do you hold?	Economics Ambassador
What are you studying?	Economics, Politics, Maths
Why are you studying at Richard Hale?	I have studied at the school since Y7. I enjoyed my time at school throughout Y7-11 and felt that the courses I wanted to pursue for A-level were welcoming and interesting at Hale.
What does your Senior Student position mean to you?	Brings pride to be able to be an ambassador for a subject which I am passionate about, and gives new responsibilities.
Why did you apply for your position and what are you hoping to achieve during your tenure?	Economics is a subject which I find very interesting, and the department is very welcoming. I hope to introduce the subject to more lower school students as it is not offered at GCSE.
How do you fulfil the school's values?	Respect others - I treat both my classmates and teachers with respect through listening and being able to receive constructive criticism to help me improve. Aim High - I aim to have high standards for my subjects to help with my future. By keeping test results consistent and handing in work on time. Show Commitment - I show commitment through my courses by paying attention and keeping focused as much as I can. Whether it be in class or at home when studying.
Do you have any further comments about Richard Hale Sixth Form	It is a great place for 6th form with a very welcoming environment, with all teachers in my subjects and free study helping me through y12. I have really enjoyed my first year.
